

LESSON 14: THE BIBLE (2)

Memory work

Q. Why does the Bible have authority?

*Not so much because the church receives and approves it
But especially because the Holy Spirit witnesses in our hearts they are from God,
And also because the things foretold in them are being fulfilled.*

Q. Do we need anything else besides the Bible to know God’s will?

*No.
The Bible fully contains the will of God
and all that man must believe in order to be saved.*

Homework

1.(8) Find two prophecies in the Bible that have already been fulfilled. For each, write down the name of the prophet, what the prophecy was, when it was spoken, and when it was fulfilled.

Prophet: _____

Prophecy: _____

Date of prophecy: _____

Date of fulfilment: _____

Prophet: _____

Prophecy: _____

Date of prophecy: _____

Date of fulfilment: _____

2.(2) Sometimes people say “there’s no archaeological evidence so the Bible is wrong.” For example, the Bible tells of a huge empire of the Hittites, but no evidence for such a people could be found. That is, until the 20th century when the capital city was discovered in Turkey. Or Pontius Pilate, no evidence for him at all until in the 20th century a coin with his name on it was found.

So: what’s wrong with the argument “There’s no archaeological evidence, so the Bible is wrong”?
